PROFILE

Front-End Developer with 2+ years of experience building and deploying responsive web applications with React JS, JavaScript, HTML5, CSS3 and Tailwind CSS. Skilled in converting Figma designs into pixel-perfect, accessible interfaces and integrating REST APIs. Strong focus on clean code, component-based architecture and performance optimization. Experienced in delivering projects for local and international clients with modern UI/UX best practices, Git workflow and deployment via Netlify & Vercel. BS Computer Science graduate, fluent in English, seeking international front-end opportunities.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES6+), TypeScript (Basic)

Frontend: React JS, React Router, Hooks, Context API, Next.js (Basic), Tailwind CSS, Bootstrap, Material UI, Responsive Design

Backend / Integration: REST API, Axios, Node.js Basics, Express Basics, JSON, API Testing with Postman

Tools & Platforms: Git, GitHub, VS Code, Figma, Netlify, Vercel, GitHub Pages, Chrome DevTools

Concepts: Component-Based Architecture, State Management, Flexbox, Grid, SEO Basics, Cross-Browser Compatibility, Accessibility

PROFESSIONAL EXPERIENCE

Freelance Front-End Developer · Remote / International Clients

Pakistan / Remote — 2023 - Present

- Developed and deployed 5+ production-ready web applications in React JS and JavaScript for local and international clients.
- Converted Figma designs into pixel-perfect responsive interfaces using Tailwind CSS, Bootstrap, Flexbox and Grid.
- Integrated REST APIs using Axios, managed state with React Hooks and Context API, improved load time by 30% via code splitting.
- Implemented reusable components, form validation, authentication flows and deployment pipelines on Netlify & Vercel.
- Collaborated with backend developers and designers using Git/GitHub, code reviews and Agile workflow.

Marketing Manager · Borcelle Studio

Pakistan — 2020 - 2023

- Handled brand strategy and digital marketing campaigns, increasing social media engagement and lead generation by 40%.
- Coordinated with design team for creatives, managed content calendar and client communication.

SELECTED PROJECTS

Portfolio Website - Performance Optimized

Responsive portfolio built with HTML, CSS and vanilla JavaScript.

- Faster loading with lighter animations and lazy-loaded certificates.
- Features projects, skills, CV preview, certificates, and contact.

E-Commerce UI · React, Router, Context

Full UI for e-commerce store with product listing and cart flow.

- Product listing, search & filter, category pages, cart and checkout UI.
- State management with Context API, reusable components, responsive design.

Weather App · JavaScript + REST API

Real-time weather application using open weather API.

- City search, 5-day forecast, dynamic background based on weather.
- Built with vanilla JS, Axios, error handling and loading states.

To-Do App · React Hooks
